Transfers and postings of medical officers.

From

The Senior Surgeon

No. G 53 Dated 24.7.15 Received 27.7.15

Diary No. 336	Enclos.	Spare Copies.	Serial No. 1

BRIEF ABSTRACT OF LETTER.

Requests Sanction (1) to post young medical officers by rotation as Resident Med. officers of the Victoria Hospl., Bangalore and the General Hospl., Mysore, by rotation for two years and (2) to post to the Minto Ophthalmic Hospital, Bangalore for a period of 12 months such of the Asst. Surgeons as may show an inclination towards Ophthalmic Surgery.

NOTES AND ORDERS.

The object of the Senior Surgeon in making the present reference to G. O. is not quite clearly stated in the letter. It is not known whether the Senior Surgeon's intention is that G. O. No. 10357 Med 201-07-3 of 18.4.08

Reference post up in another connection

Bdn-39 26.8.15 DS 27/8

10. The Senior Surgeon's proposal is briefly (i) to post ~~every~~ all Dt Medical officers by rotation for a term of 2 years at a time to Bangalore or Mysore as Resident Medical officers of the Victoria and General Hospitals respectively and

(4

G. R. S. 12]

General and Revenue Secretariat. | 2nd File No. 27 of 1914-5

Serial No.

(ii) to give Assistant Surgeons who show a special aptitude for Opthalmic Surgery an opportunity of improving their knowledge and practice by posting them to the Minto Hospital for 12 months at a time by rotation.

11. Course (i) is to be in addition to the post-graduate Course of 1½ years now prescribed, and will affect all Dt Medical Officers by turn. (ii) Course ii is to be taken either in Continuation of the post-graduate Course of 3 months in the Minto Hospital now prescribed or independently of it, and will affect only Certain Selected Asst Surgeons who show special knack for Eye-work.

12. Both proposals are unexceptionable. They make for efficiency, inasmuch as all capable officers will now be given an Equal opportunities to improve their qualifications and knowledge, and all Districts will have their turn of being served by all medical

GPB—25,000—30-4-15

Serial No.

officers - Good bad and indifferent, instead of the head-quarter towns of Mysore & Bangalore monopolising the benefit of the Service of the best doctors, while the indifferent ones are all of them being thrown on the mofussil as is happening now. It will also give a much needed relief to the Dt. Resident Medical officers who may feel overstrained if kept too long in charge of the important institutions at Bangalore & Mysore.

13. In the Case of proposal No 1, as Dt Medical officers & Resident Medical officers will merely exchange places, no extra Charge is involved. But proposal No (ii) involves the posting of additional officers to the Mento Hospl for 12 months at a time & therefore perhaps extra Charge. It is perhaps necessary to indicate clearly in sanctioning the Senior Surgeon's proposal that no extra Expenditure shall be incurred thereby shall not be done. A para has been added to the proposed draft accordingly

14. Secondly, it is not clear whether the Senior Surgeon's intention

GPB—20,000—30-6-15

23) With a view to enhance the usefulness and efficiency of District Medical Officers, and other officers in charge of important institutions, the Senior Surgeon has submitted a scheme to post them by rotation as Resident Medical Officers of the Victoria Hospital, Bangalore, and the General Hospital, Mysore, for a period of 2 years on their grade pay plus a local allowance of Rs.100/- per mensem and free furnished quarters and also to train such of the Assistant Surgeons as show an inclination towards Ophthalmic Surgery, in the Minto Hospital for 12 months. It is expected that the scheme will not only remove the hardship caused by a single Officer being kept in these institutions for a number of years and overworked, but will also make a large number of competent men available for all exigencies, and capable of undertaking both the general and special surgical work in the District Hospitals.

Papers under disposal I & II

2. The scheme was considered at a meeting of the Council on the 24th and 25th November 1915, and the Council are of opinion that the arrangements as outlined in the accompanying draft order may be - -

D 23

No. G. 35
Encls.

Office of Senior Surgeon, Mysore Govt.

Medical 27-15-1.

Dated, Bangalore, 24-7- 1915.

From

Rao Bahadur T. V. Arumugum Mudaliar, Esq., M. B., C. M.,
Senior Surgeon with the Government of
H. H. the Maharaja of Mysore, Bangalore.

To

The Secretary to the Government of
H. H. the Maharaja of Mysore,
General Deptt., Bangalore.

Sir,

I have the honor to state that, under Government Order No. 17326-7/Mis. 4322, dated 25th June 1901, gazetted officers of the department have undergone a post-graduate course of 12 months in the Victoria Hospital and of 3 months each in the Ophthalmic and the Maternity hospitals at Bangalore and are now working as District Medical Officers or officers in charge of important institutions.

2. With a view to enhance the efficiency of these officers, I propose posting them by rotation as Resident Medical Officers of the Victoria Hospital, Bangalore, and the General Hospital, Mysore, for two years during which period they will be entitled to free furnished quarters and receive a local allowance of Rs 100/- per mensem in addition to their grade pay.

3. This will not only remove the hardship entailed in keeping a single officer, overworked, for a number of years as at present, but will also make a large number of highly trained men available for all exigencies. This is supported by the practice in Madras, where the Resident Medical officership is held by the officers for a term of three years.

4.

* Amended by G.O. No. 1213-14/M.J. 26-97 & 24-7-1901 and No. 9383/Med. 168-07- & 18-3-1908.

From

The Senior Surgeon,

Mysore Govt., Bangalore.

To

The Secretary

to the Govt. of Mysore,

General Deptt.,

Bangalore.

Dated 24. 7. 1915.

No. G. 2'5'.

Encls.

Subject.

Proposing to post Medical officers by rotation as Resident Medical officers of the Victoria Hospital, Bangalore and the General Hospital, Mysore.

4. As men who have passed the age of 45 will not possess the energy to satisfactorily cope with the duties expected of a Resident Medical Officer, selection will be made from among younger officers in the service.

5. Every graduate in medicine and surgery who has an aptitude for ophthalmic work can be trained in ophthalmic surgery and made quite efficient to do that branch of surgical work. With this object, such of the Assistant Surgeons as may show an inclination towards ophthalmic surgery will be posted to the Minto Ophthalmic Hospital for 12 months, where they will be guided and taught and made to perform operations on the eye.

6. The above proposal, if sanctioned, will enable the department to have, always, a large number of officers competent to undertake both general and special surgical work in the District Head Quarters of the State.

I have the honor to be,

Sir,

Your most obedient servant,

Senior Surgeon.

Encls.

Office of Senior Surgeon, Mysore Govt.

Dated, Bangalore, Aug. 20 1915 191

Medical 27-15-4.

From

Rao Bahadur T. V. Arumugum Mudaliar, Esq., M. B., C. M.,
Senior Surgeon with the Government of
H. H. the Maharaja of Mysore, Bangalore.

To

The Secretary to the Government of
H. H. the Maharaja of Mysore,
General Deptt., Bangalore.

Sir,

With reference to your letter No. 1365/Med.27-15-2 dated 14th August 1915, I have the honor to state that the scope and object of the proposal made in my letter No.G. 55 dated 24th July 1915, are, as stated in the last para thereof, to make a large number of officers available in the Department, who could with confidence undertake all kinds of general and special surgical work in the District Hospitals.

2. It is with a view to enhance the efficiency of the officers who have undergone the post-graduate course and are now holding important charges, that their posting as Resident Medical Officers by rotation was proposed. Thus the latter posting could only be in addition to and not in lieu of the former. It is not likely that the efficiency of the institutions will suffer in any way.

3. As regards X-Ray work, which is mostly radiographic, it is not different from what an Attender in any photographic studio is expected to do. A major portion of the other work is also actually done by the

X-Ray

Subject.

Furnishing information regarding the postings of gazetted officers as Resident Medical Officers of the Victoria Hospital and General Hospl. Mysore.

X-Ray attender and it ought not to be difficult for the present Resident Medical Officers to train some of the Sub Assistant Surgeons working in the institutions, in the manipulation of the X-Ray instruments. As I have already brought to the notice of Government in another connection, the X-Ray apparatus at the Bowring Hospital, Cantonment, Bangalore, is in charge of a Sub Assistant Surgeon. There is also, in the Service, one Sub Assistant Surgeon who underwent, at Dehra Dun, the same X-Ray course as was undergone by the two Resident Medical Officers. And if it is decided that men who have undergone training in the Dehra Dun Institute should alone be kept in charge of the X-Ray work, it will be easy to depute a couple of smart Sub Assistant Surgeons to the Institute and get them trained in 3 months' time, allowing them, during the period of training, their full pay and travelling and halting allowances at rates allowed by the Service Regulations.

Pm med file 37-14(2414)

4. As regards the Minto Ophthalmic Hospital, also, it is not proposed to do away with the present post-graduate course of 3 months, but to post to that institution for special training for a period of twelve months, such of the officers as may show a special aptitude for eye work (either during their post-graduate course in that institution or outside) in order to develop their capacity in ophthalmic surgery.

I have the honor to be,

Sir,

Your most obedient servant,

Senior Surgeon.
